RODGERS ADRIEL

Scots Criminal Law Springer

This introductory text covers all the core aspects of Scots criminal law and is suitable as an introduction for students on LL.B. and non-LL.B. degrees who are new to this area. It presents the main aspects and principles of criminal law in a clear and comprehensive fashion, including coverage of recent developments such as aspects of devolution and the impact of the European Convention on Human Rights (in particular as regards unreasonable delay in bringing the accused to trial). There is also an introduction to aspects of computer crime. Treatment of the subject focuses on explanation and analysis of the main aspects of each topic, and emphasis is placed on modern cases in order to illustrate key principles. Each chapter is structured so as to help the student to navigate their way through the text, with clear sub-headings, chapter summaries, flow diagrams giving the skeleton structure of each main topic, self-assessment questions and graded further reading. .

Law Books in Print: Title index Lulu Press, Inc

A comparative and collaborative study of the foundational principles and concepts that underpin different domestic systems of criminal law.

Scottish Life and Society: Bibliography for Scottish ethnology Routledge

Three novels in one volume: "Donald Thomas masterfully evokes the flavor of Doyle's original stories of the great detective" (Publishers Weekly). In these sixteen tales of intellectual derring-do, Sherlock Holmes is shown at the height of his powers: He co-operates with a young Winston Churchill in the famed siege of

Sydney Street; helps defeat a plan for a German invasion outlined in the Zimmerman Telegram; establishes a link between two missing lighthouse keepers and the royal treasures of King John; contends with a supernatural curse placed upon an eccentric aristocrat; and discovers a lost epic poem of Lord Byron.

Everywhere in these finely wrought tales, encompassing the critically acclaimed *The Execution of Sherlock Holmes*, *Sherlock Holmes and the King's Evil*, and *Sherlock Holmes and the Ghosts of Bly*, riddles and mystery hover in the air. But they are not beyond the grasp of the incomparable Sherlock Holmes.

Breach of the Peace Springer Science & Business Media
This book provides a leading point of reference in the field of partial defences to murder and with respect to the mental condition defences of loss of control and diminished responsibility in general. The work includes contributions from leading specialists from different jurisdictions. Divided into two parts, the first provides an analysis from the perspective of the UK, looking at particular concerns such as domestic violence, revenge and mixed motive killings, mistaken beliefs. The second part presents a comparative and international view to provide a wider background of how alternative systems treat issues of human frailty short of full insanity (loss of control, diminished responsibility) in the context of the criminal law.

Inbreeding, Incest, and the Incest Taboo Edinburgh University Press

On 17 July 1904, an intimate group of like-minded gentlemen sat down to dinner in London's Great Central Hotel. They were united by one shared interest: a fascination with crime and the workings of the criminal mind. This meeting, occurring in the golden age of literary dinners and good fellowship, marked the birth of the

Crimes Club, a concept that quickly developed into a professional and academic society boasting members of the legal and literary elite, with Sir Arthur Conan Doyle, creator of Sherlock Holmes, and gregarious bon viveur at its heart. Until now, the exclusive nature of the club meant that little has been divulged about these aficionados of murder, but Conan Doyle and the Crimes Club gives readers a thrilling insight into the previously veiled lives of these celebrated men of the time. Recounting their detective investigations, spying escapades, and 'criminous' journalism that no doubt inspired Doyle's own literary feats, Stephen Wade explores all manner of criminal activities that were examined and discussed by the club, ranging from wives buried in basements, to bodies cast into the River Thames, and lovers poisoned with arsenic. A lively and compelling read, Conan Doyle and the Crimes Club provides a unique window into the Edwardian clique of criminologists and gentleman sleuths. Welcome to the club.

The Crime Interviews: Volume One Blasted Heath Ltd

An interdisciplinary study of retail crime as a cultural phenomenon, drawing on economics, criminology and management to present a comprehensive explanation for the growth in retail thefts. This topical study explores crime prevention as a management issue, using criminomics, a concept based on commercial realities rather than maximising arrests.

Bibliography of Scotland Cambridge University Press

'Casebook on Scottish Criminal Law' represents a concise and practical appreciation of how the law works, with analysis of the reasoning behind decisions. It includes sources and general principles, defences, and the mental element in crime.

Law Books in Print: Author Springer

An essential guide to the sensitive topic of cousin marriage, examining its social, medical, political and legal connotations.

Conan Doyle and the Crimes Club Springer Science & Business Media

“Brilliant and persistent scientific work that brought murderers like John List, Ted Bundy, and Jeffrey MacDonald to justice.”—Publishers Weekly “Landmarks of forensic science [that] are representative of the evolution of the discipline and its increasingly prominent role in crime solving.”—Library Journal Modern ballistics and the infamous Sacco and Vanzetti case. DNA analysis and the 20th century’s most wanted criminal—the hunt for Josef Mengele. “The Iceman”—a contract killer and one-man murder machine. Scientific analysis and history’s greatest publishing fraud—the Hitler Diaries. How the “perfect crime” can land you in prison. In a world so lawless that crimes must be prioritized, some cases still stand out—not only for their depravity but as landmarks of criminal detection. Updated with new material, this collection of 100 groundbreaking cases vividly depicts the horrendous crimes, colorful detectives, and grueling investigations that shaped the science of forensics. In concise, fascinating detail, Colin Evans shows how far we’ve come from Sherlock Holmes’s magnifying glass. Although no crime in this book is ordinary, many of the perpetrators are notorious: Ted Bundy, John Wayne Gacy, John List, Bruno Hauptmann, Jeffrey Macdonald, Wayne Williams. Along with the cases solved, fifteen forensic techniques are covered—including fingerprinting, ballistics, toxicology, DNA analysis, and psychological profiling. Many of these are crime fighting “firsts” that have increased the odds that today’s techno sleuths will get the bad guys, clear the innocent—and bring justice to the victims and their families.

The Cambridge Companion to Scottish Literature Cambridge University Press

Drawing on research from Britain, Europe, Argentina and the USA this volume examines the culture and loyalties of soccer players and crowds and their relationships to social order, disorder and violence. This informative and accessible book will be of interest to students of Sport Science and to all of those who love the game of soccer.

Essays in Criminal Law in Honour of Sir Gerald Gordon Pearson Education

Given the vast amount of legal information available, it is

sometimes very difficult - and certainly very time consuming - to know where to start looking for the specific information you require. This book, covering the most up-to-date information sources (printed and electronic), helps guide the reader towards the information they need. It is an accessible and easy-to-use directory of legal information sources for librarians, lawyers, students and anyone needing legal information. The book covers mainly British and European Union law and includes general material and the main subject areas, including online and internet sources. It also lists reference material, such as legal dictionaries and directories. The book is essentially a directory of information sources, with publishing details (including ISBN), and short comments where useful. Electronic sources are mentioned where relevant, with details of scope and any limitations of coverage. Comprehensive and up-to-date (covering electronic sources and important legal developments, including civil procedure and human rights) Covers the massive expansion of information on the web and online services Based on the author’s considerable experience - thus, he has gained a detailed and wide ranging understanding and appreciation of users’ needs and areas of interest

The Laws of Scotland SAGE

Scotland has often been regarded throughout history as "the violent north", but how true is this statement? Does Scotland deserve to be defined thus, and upon what foundations is this definition based? This book examines the history of crime in Scotland, questioning the labelling of Scotland as home to a violent culture and examining changes in violent behaviour over time, the role of religion on violence, how gender impacted on violence and how the level of Scottish violence fares when compared to incidents of violence throughout the rest of the UK. This book offers a ground-breaking contribution to the historiography of Scottish crime. Not only does the piece illuminate for the first time, the nature and incidence of Scottish criminality over the course of some three hundred years, but it also employs a more integrated analysis of gender than has hitherto been evident. This book sheds light on whether the stereotypical label given to Scotland as 'the violent north' is appropriate or in any way accurate, and it further contributes to our understanding of not only Scottish society, but of the history of crime and punishment in the British Isles and beyond.

Introduction to Scots Criminal Law Routledge

Understanding Homicide is a comprehensive and challenging text unravelling the phenomenon of homicide. The author combines original analysis with a lucid overview of the key theories and debates in the study of homicide and violence. In introducing the broad spectrum of different features, aspects and forms of homicide, Fiona Brookman examines its patterns and trends, how it may be explained, its investigation and how it may be prevented. The book is unique in its focus, coverage, and style and bridges a major gap in criminological literature. While focused in several respects upon the UK experience of homicide, the text necessarily draws upon and makes a significant contribution to international literature, research and debate.

Medical Responsibility in Western Europe Stanford University Press

Conspiring to commit a crime is a criminal offence. Under the current law, when two or more persons plot a crime they can be arrested at the planning stage, regardless of whether the crime is ultimately committed. Attempting to commit a crime is also an offence, but only if the perpetrator commits an act which is a "more than merely preparatory" step towards the commission of the offence itself. This consultation paper examines these two areas of criminal law. With conspiracy, conviction is dependent on it being proved that the perpetrator actually knows that the crime will be committed. With criminal attempt the uncertain character of the law leaves too much doubt in cases where common sense suggests that the accused is guilty. The law's definition of "preparatory" has become too generous to the accused. The Commission puts forward 21 proposals for consultation (which closes on 31 January 2008). The proposals should be considered in light of the recommendations made in the Commission's 2006 report "Inchoate liability for assisting and encouraging crime" (Cm. 6878, Law Com. No. 300, ISBN 9780101687829).

Core Concepts in Criminal Law and Criminal Justice Edinburgh University Press

Pamela Ferguson describes and critiques the commonly prosecuted crime of 'breach of the peace'. She traces the development of the crime from the mid-19th century to the present day, and also considers related statutory offences. The latter include those offences created by the Criminal Justice and Licensing (Scotland) Act 2010, and the Offensive Behaviour at

Football and Threatening Communications (Scotland) Act 2012. It is argued that breach of the peace remains an overly broad and ill-defined crime - despite the appeal court's attempts at narrowing its definition.

Crime in Scotland 1660-1960 Routledge

Scots Criminal Law " A Critical Analysis provides a clear statement of the current law for students and practitioners, with a theoretical and critical focus. This new edition has been updated to reflect changes in the law since the first edition published

Shopping and Crime Cambridge University Press

The Scottish UFO Casebook Elsevier

A unique introduction, guide and reference work for students and readers of Scottish literature from the pre-medieval period.

Finding Legal Information John Donald

This collection of essays honours the work of Sir Gerald Gordon CBE QC LLD (1929-). In modern times few, if any, individuals can have been as important to a single country's criminal law as Sir Gerald has been to the criminal law of Scotland. His monumental work *The Criminal Law of Scotland* (1967) is the foundation of modern Scottish criminal law and is recognised internationally as a major contribution to academic work on the subject. Elsewhere, he has made significant contributions as an academic, judge and as a member of the Scottish Criminal Cases Review Commission. Reflecting the academic rigour and practical application of Sir Gerald's work, this volume includes essays on criminal law theory, substantive law and evidence and procedure by practitioners and academics within and outside of Scotland, including contributions from England, Ireland and the USA.

The Casebook of Forensic Detection W. Green & Son

With industrialization and globalization, corporations acquired the capacity to influence social life for good or for ill. Yet, corporations are not traditional objects of criminal law. Justified by notions of personal moral guilt, criminal norms have been judged inapplicable to fictional persons, who 'think' and 'act' through human beings. The expansion of new corporate criminal liability (CCL) laws since the mid-1990s challenges this assumption. Our volume surveys current practice on CCL in 15 civil and common law jurisdictions, exploring the legal conditions for liability, the principles and options for sanctioning, and the procedures for investigating, charging and trying corporate offenders. It considers whether municipal CCL laws are converging around the notion of 'corporate culture', and, in any case, the implications of CCL for those charged with keeping corporations, and other legal entities, out of trouble.
