Mandel 1e is one of the first books on the market to be constructed "from the ground up" specifically for the 1-term survey course. Unlike most books in this market that are simply watered-down versions of existing Principles texts, Mandel 1e is written especially for the survey course, and designed for students who will not go on to take other econ courses. Mike Mandel, Chief Economist for BusinessWeek magazine, has written Economics: The Basics, 1e in a journalistic style, drawing upon BusinessWeek articles and experience throughout the text to deliver the basics of economics and develop a students' economic literacy. Mandel's current examples, journalistic writing style and accessible math will help instructors overcome the common challenges of this course, and make the material more approachable and attractive to students.

With an accessible approach, the third European edition of Principles of Economics provides students with the tools to analyze current economic issues. The book is underpinned by a focus on seven Core Principles, which help students to make the link between economic theory and practice. The 'economic naturalist' approach, supported by exercises, problems and examples, encourages students to employ economics principles to understand and explain the world around them. Developed from the well-regarded US textbook by Frank and Bernanke, it presents an intuitive approach to economics and is suitable for all students taking a Principles of Economics course.
