Twenty Years of Education Transformation in Gauteng 1994 to 2014: An Independent Review presents a collection of 15 important essays on different aspects of education in Gauteng since the advent of democracy in 1994. These essays talk to what a provincial education department does and how and why it does these things whether it be about policy, resourcing or implementing projects. Each essay is written by one or more specialist in the relevant focus area. The book is written to be accessible to the general reader as well as being informative and

an essential resource for the specialist reader. It sheds light on aspects of how a provincial department operates and why and with what consequences certain decisions have been made in education over the last 20 turbulent years, both nationally and provincially. There has been no attempt to fit the books chapters into a particular ideological or educational paradigm, and as a result the reader will find differing views on various aspects of the Gauteng Department of Educations present and past. We leave the reader to decide to what extent the GDE has fulfilled its educational mandate over the last 20 years.

On the train, on the beach, on the sofa ... many people in all parts of the world enjoy doing wordsearches. If you are studying English and want to learn and practise vocabulary related to various topics, then this book is for you! The topics reflect the kinds of everyday conversations that you might have both with native and non-native speakers of English. The topics are also those that are typically tested in English examinations e.g. TOEFL, Cambridge (First Certificate, Advanced), IELTS, and Trinity. Each chapter begins with a list of questions to enable you to have a conversation about a particular topic in various situations: on a social occasion (e.g. a work dinner, a conference lunch, a party); in the classroom during an English lesson; when chatting, either face to face or online; and during an English oral exam. After the list of questions, you will find a Word List associated with the topic and exercises to test your knowledge of less common words. The final aim is then to find the words from the Word List in the related Wordsearch. Easy English! is a series of books to help you learn and revise your English with minimal effort. You can improve your English by: reading texts in English that you might normally read in your own language e.g. jokes, personality tests, lateral thinking games, and wordsearches; doing short exercises to improve specific areas grammar and vocabulary, i.e. the areas that tend to lead to the most mistakes - the aim is just to focus on what you really need rather than overwhelming yourself with a mass of rules, many of which may have no practical daily value. Other books in the Easy English! series include: Wordsearches: Widen Your Vocabulary in English Test Your Personality: Have Fun and Learn Useful Phrases Word games, Riddles and Logic Tests: Tax Your Brain and Boost Your English Top 50 Grammar Mistakes: How to Avoid Them Top 50 Vocabulary Mistakes: How to Avoid

The book provides new insights into written corrective feedback by describing students' expectations as well as mediating factors that influence their engagement with it. The book draws on an extensive dataset to illustrate secondary school students' behavioural, cognitive and emotional engagement with written corrective feedback and the extent to which mediating factors, such as teachers, peers, feedback options, attitudes and emotions, foster or hinder it. It shows why teachers need to provide students with the purpose of the corrective feedback they provide, explain how such feedback works and introduce strategies that can be employed to engage with it. Based on the finding that a combination of several feedback types is essential to ensure learner engagement, the book also provides an extensive description and multiple authentic examples of the Engagement-Feedback-Mediator Model that was developed in the context of this study.
