In *Zen & de kunst van het motoronderhoud* verhaalt Robert M. Pirsig over de motorfietstocht die de hoofdfiguur en zijn elf jaar oude zoon Chris een zomermaand lang van Minnesota naar Californië maken. Het is het spannende en wanhopige relaas van een vader en een zoon die bevangen worden door een steeds ingrijpendere krankzinnigheid. *Zen & de kunst van het motoronderhoud* is een van de belangrijkste en invloedrijkste boeken van de afgelopen halve eeuw. Het is een persoonlijke en filosofische zoektocht naar de fundamentele vragen van het bestaan, en een lucide bespiegeling over hoe wij beter zouden kunnen leven.

The Complete Guide to Motorcycle Repair and Maintenance Haynes Manuals N. America, Incorporated

"The real cycle you're working on is a cycle called 'yourself.'" One of the most important and influential books of the past half-century, Robert M. Pirsig's *Zen and the Art of Motorcycle Maintenance* is a powerful, moving, and penetrating examination of how we live and a meditation on how to live better. The narrative of a father on a summer motorcycle trip across America's Northwest with his young son, it becomes a profound personal and philosophical odyssey into life's fundamental questions. A true modern classic, it remains at once touching and transcendent, resonant with the myriad confusions of existence and the small, essential triumphs that propel us forward.
