Cowboy stories and movies about the Wild West are full of amazing characters. Yet many of the lawmen we think of as heroes were anything but -- some were violent scoundrels and outlaws themselves. Among all the lawmen of the frontier, one man stands out as a true hero: Bass Reeves. In his day, Bass Reeves was the most successful federal marshal in the United States. True to the mythical code of the West, he never drew his gun first. He rounded up hundreds of outlaws and was shot at countless times but was never hit. Bass Reeves was born into slavery. And though the laws of his country enslaved him and his mother, when he became a free man he served the law with such courage and honor that he was known and respected all over the Indian Territory. Gary Paulsen's dramatic account of the life of Bass Reeves, through stories both real and imagined, makes him come alive as a boy and a man. Listeners will truly understand why he became a legend.

Zonder de jarenlange investeringen van de Amerikaanse overheid waren Apple en Microsoft nooit zo groot geworden. De alom gewaardeerde econoom Mariana Mazzucato laat in De ondernemende staat zien hoe belangrijk een investerende en innoverende overheid is; onontbeerlijk voor slimme en duurzame groei. Mazzucato ontkracht de mythe van een ingeslapen, bureaucratische overheid versus een dynamische, innovatieve private sector. Aan de hand van veel casestudy's laat zij zien dat het tegenovergestelde waar is. Pas als de overheid heeft

geïnvesteed, volgt de private sector. Voorbeelden te over: internet, geneesmiddelen, biotechnologie, algoritme. Met een ondernemende overheid de crisis uit, dat is wat Mazzucato ons met dit boek ook wil voorhouden.
