A New York Times bestseller, Jeff Guinn's definitive, myth-busting account of the most famous gunfight in American history reveals who Wyatt Earp, Doc Holliday, and the Clantons and McLaurys really were and what the shootout was all about—"the most thorough account of the gunfight and its circumstances ever published" (The Wall Street Journal) On the afternoon of October 26, 1881, in a vacant lot in Tombstone, Arizona, a confrontation between eight armed men erupted in a deadly shootout. The Gunfight at the O.K. Corral would shape how future generations came to view the Old West. Wyatt Earp, Doc Holliday, and the Clantons became the stuff of legends, symbolic of a frontier populated by good guys in white hats and villains in black ones. It's a colorful story—but the truth is even better. Drawing on new material from private collections—including diaries, letters, and Wyatt Earp's own hand-drawn sketch of the shootout's conclusion—as well as archival research, Jeff Guinn gives us a startlingly different and far more fascinating picture of what actually happened that day in Tombstone and why.

The idea of cults and their members captures our imaginations: "What is it about the leaders that makes people follow them?" and "What is it about the followers that allow them to be so easily lead?" The Editors of TIME-LIFE take us inside the minds of cult leaders and their followers in this new Special Edition, *Killer Cults*. Charles Manson and his "Family" are perhaps the most notorious, but history is filled with brutal cult leaders like Jim Jones, David Koresh, Marshall Applewhite, and Shoko Asahara. #1 New York Times Bestseller Over 1 million copies sold In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F\*\*k positivity," Mark Manson says. "Let's be honest, shit is f\*\*ked and we have to live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F\*\*k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f\*\*k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-

you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F\*\*k* is a refreshing slap for a generation to help them lead contented, grounded lives.

In the 1950s, a young Indianapolis minister named Jim Jones preached a curious blend of the gospel and Marxism. His congregation was racially integrated, and he was a much-lauded leader in the contemporary civil rights movement. In this riveting narrative, Jeff Guinn examines Jones's life, from his extramarital affairs, drug use, and fraudulent faith healing to the fraught decision to move almost a thousand of his followers to a settlement in the jungles of Guyana in South America. Guinn provides stunning new details of the events leading to the fatal day in November, 1978 when more than nine hundred people

died--including almost three hundred infants and children--after being ordered to swallow a cyanide-laced drink. Guinn examined thousands of pages of FBI files on the case, including material released during the course of his research. He traveled to Jones's Indiana hometown, where he uncovered fresh information from Jonestown survivors.

*The Last Words of Charles Manson* Pan Australia

The New York Times bestselling, authoritative account of the life of Charles Manson, filled with surprising new information and previously unpublished photographs: "A riveting, almost Dickensian narrative...four stars" (People). More than forty years ago Charles Manson and his mostly female commune killed nine people, among them the pregnant actress Sharon Tate. It was the culmination of a criminal career that author Jeff Guinn traces back to Manson's childhood. Guinn interviewed Manson's sister and cousin, neither of whom had ever previously cooperated with an author. Childhood friends, cellmates, and even some members of the Manson family have provided new information about Manson's life. Guinn has made discoveries about the night of the Tate murders, answering unresolved questions, such as why one person near the scene of the crime was spared. Manson puts the killer in the context of the turbulent late sixties, an era of race riots and street protests when authority in all its forms was under siege. Guinn shows us how Manson created and refined his message to fit the times, persuading confused young women (and a few men) that he had the solutions to their problems. At the same time he used them to pursue his long-standing musical ambitions. His frustrated ambitions, combined with his bizarre race-war obsession, would have lethal consequences. Guinn's

book is a "tour de force of a biography...Manson stands as a definitive work: important for students of criminology, human behavior, popular culture, music, psychopathology, and sociopathology...and compulsively readable" (Ann Rule, The New York Times Book Review).

*Hippie Cult Leader* Simon and Schuster

In a single five-week period in the summer of 1969, three American astronauts landed on the moon; more than a hundred thousand hippies grooved at Woodstock; Charles Manson's "family" terrorized Los Angeles; and the scion of America's most celebrated modern political dynasty, Senator Edward Kennedy, found himself embroiled in a scandal in Chappaquiddick, Mass. Here is the full story of this remarkable year--in first-hand accounts by those who were there: from the Beatles' last rooftop jam in London to the trial of the "Chicago 7" to the shocking revelations of U.S. military brutality in My Lai, South Vietnam--and all points in between.

**The Boundless** Time Inc. Books

In a series of prison interviews, a journalist probes the minds of the women who killed for Charles Manson in this "fascinating study of human behavior" (Kirkus). In the summer of 1969, Leslie Van Houten and Patricia Krenwinkel carried out horrific acts of

butchery on the orders of the charismatic cult leader Charles Manson. But to anyone who knew them growing up, they were bright, promising girls, seemingly incapable of such an unfathomable crime. Award-winning journalist Nikki Meredith began visiting Van Houten and Krenwinkel in prison to discover how they had changed during their incarceration. The more Meredith got to know them, the more she was lured into a deeper dilemma: What compels “normal” people to do unspeakable things? The author's relationship with her subjects provides a chilling lens through which we gain insight into a particular kind of woman capable of a particular kind of brutality. Through their stories, Nikki Meredith takes readers on a dark journey into the very heart of evil.

#### **Hunting Charles Manson** Simon and Schuster

From the moment they first cut a swathe of crime across 1930s America, Clyde Barrow and Bonnie Parker have been glamorised in print, on screen and in legend. The reality of their brief and catastrophic lives is very different -- and far more fascinating. Combining exhaustive research with surprising, newly discovered material, author Jeff Guinn tells the real story of two youngsters from a filthy Dallas slum who fell in love and then willingly traded their lives for a brief interlude of excitement and, more important, fame. Thanks in great part to surviving relatives of Clyde Barrow and Bonnie Parker, who provided Guinn with access to never-before-published family documents and photographs, this book reveals the truth behind the myth, told with cinematic sweep and unprecedented insight by a master storyteller.

After more than forty years, Charles Manson continues to mystify

and fascinate us. One of the most notorious criminals in American history, Manson and members of his mostly female commune killed nine people, including pregnant actress Sharon Tate. Now, drawing on new information, bestselling author Jeff Guinn tells the definitive story of how this ordinary delinquent became a murderer. Manson helps us understand what obsessed him and, most terrifying of all, how he managed to persuade others to kill. Guinn interviewed Manson's sister and cousin, neither of whom has ever previously cooperated with an author. Childhood friends, cellmates, and even some members of the Manson Family have provided new information about Manson's life. Guinn has made discoveries about the night of the Tate murders, answering unresolved questions, such as why one person on the property was spared. There are even photographs of Manson's childhood and youth that have never previously been seen outside private family albums. Putting Manson in the context of his times, the turbulent end of the Sixties, Guinn shows how Manson represented the dark side of a generation. He came to Los Angeles hoping to get a recording contract, and the murders were directly related to his musical ambitions, although he cloaked them in a bizarre race-war theory. He was, in the words of one person who knew him, just like many other rock star wannabes—except that he was a killer.

 "You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F\*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a

mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald

**A Book About Hope** Hodder & Stoughton

In this poignant and disturbing memoir of lost innocence, coercion, survival, and healing, Dianne Lake chronicles her years with Charles Manson, revealing for the first time how she became the youngest member of his Family and offering new insights into one of the twentieth century's most notorious criminals and life as one of his "girls." At age fourteen Dianne Lake—with little more than a note in her pocket from her hippie parents granting her permission to leave them—became one of "Charlie's girls," a devoted acolyte of cult leader Charles Manson. Over the course of two years, the impressionable teenager endured manipulation, psychological control, and physical abuse as the harsh realities and looming darkness of Charles Manson's true nature revealed itself. From Spahn ranch and the group acid trips, to the Beatles' *White Album* and Manson's dangerous messiah-complex, Dianne tells the riveting story of the group's descent into madness as she lived it. Though she never participated in any of the group's gruesome crimes and was purposely insulated from them, Dianne was arrested with the rest of the Manson Family, and eventually learned enough to join the prosecution's case against them. With the help of good Samaritans, including the cop who first arrested her and later adopted her, the courageous young woman eventually found redemption and grew up to lead an ordinary life.

While much has been written about Charles Manson, this riveting account from an actual Family member is a chilling portrait that

recreates in vivid detail one of the most horrifying and fascinating chapters in modern American history. Member of the Family includes 16 pages of photographs.
