Cyberpunk. Antologia di scritti politici Chronicle Books

TADA's Revolution is a playful, visual journey into the fantastical and imaginative miniature worlds of Los Angeles-based artist, Susan Chi. Chronicling the various adventures and stories of toys and miniature animal characters, the book is a wondrous showcase of carefully and meticulously-crafted and detailed sets and dioramas, using all miniature items, objects, and furniture handmade by Chi or from the artist's own collection of vintage toys curated specially from auctions, toy stores, and flea markets around the world. Each of the photo stories gleefully portrays the often absurd moments and artificiality of human nature and modern life, while relaying such universal themes as mischief, honesty, curiosity, compassion, fear, and wonder. Laced with a subtle dark humor yet exuding an overall joyful and childlike spirit

that lives within us all, it is easy to see why Chi's imagery has captivated the hearts and imaginations of children and adults alike, and has amassed an international and loyal following on Flickr and social media. teNeues is pleased to present the first printed anthology of Susan Chi's work, TADA's Revolution: Mischief in Miniature.

Camille Claudel: A Life Mirror-face to face-2021. Italian and portuguese artists exhibition. Ediz. illustrataThe Mask, the Mist and the Mirror. Un Viaggio Nel Carnevale Di VeneziaGiovanni Gastelthe people I likeMax Huber. Ediz. illustrata

The significance of Leonardo da Vinci's contributions to the medium of painting are highlighted in this collection celebrating his works, including The Last Supper and The Virgin on the Rocks. This introduction avoids myths about da Vinci and presents a chronology of his life, a critical essay on his work, and selections of his drawings that support the claim that, above all other media, painting was da Vinci's primary medium. The flurry of his artistic activity and the importance of his work are showcased in this updated introduction to his life and art.

Drawing and light Phaidon Press

Camille Claudel, sister of writer Paul Claudel, was a gifted nineteenth-century French sculptor who worked with Auguste Rodin, became his lover, and then left him to gain recognition for herself in the art world. With a strong sense of independence and a firm belief in her own considerable talent, Claudel created some extraordinary works of art and challenged the social and artistic limitations imposed upon the women of her time. Eventually, however, she crumbled beneath the combined weight of social reproach, deprivation, and art-world prejudices. Her family, distraught by her unconventional behavior as well as her delusions and paranoia, had her committed to a mental asylum, where she died thirty years later. Camille Claudel's life has been

romanticized in print and on film, but this is the first fully researched biography to present a rounded picture of the life and work of this remarkable woman. The book, also available in French, has been widely praised for its gripping presentation of the life of a woman artist in the nineteenth century, and for its successful attempt to free Claudel from the myths that had been woven around her. "The complete story of Claudel's tragic life has never been thoroughly researched and recounted until now, and Ayrat-Clause's polished, to-the-point coverage is galvanizing... Fair and precise, Ayrat-Clause's clarion biography arouses the only reasonable response to Claudel's saga: outrage." — Booklist "Ayrat-Clause commands much new data and an admirable objectivity. Highly recommended." — Library Journal "... scholars will find this book, with its mastery of the sources in their original language, a welcome substitute for outdated previous studies..." — Publisher's Weekly "By excavating Claudel from the edifice of victimization, Ayrat-Clause frees us to focus on her work and the factors, both Rodin-and non-Rodin-related, that nurtured and hindered her career." — Los Angeles Times "This is a fascinating biography... Using newly discovered private letters, family photographs and medical documents recently released to the public, the author provides the first serious, authoritative portrait of this brilliantly gifted, misunderstood artist." — Umbrella "Ayrat-Clause... resists dogmatic interpretation, choosing instead to view her protagonists as fully and as sympathetically as the evidence allows... Her straightforward narrative style offers a clear and vivid context for Claudel's life and work." — Art and Auction "Camille Claudel: A Life is riveting: measured, even-handed and revelatory. The author shows how we have absorbed the legend (Rodin exploited and deserted her), ignorant of the facts... Odile Ayrat-Clause brilliantly illuminates Claudel's vivacity and recounts her downfall." — Art Quarterly (England) "The author has

redefined the relationship between Camille Claudel, her environment and the art world, and brings to light the originality of the work of Camille Claudel in relation to Rodin's" — L'Oeil (France)

Tuscany Chronicle Books

In a book without words, a young girl creates imaginative stories with fantastical worlds using the shadows of such everyday objects as a vacuum, a shoe, and an apple, transforming them with the click of a lamp switch.

Wave Taschen

"The first reference monograph on the artist, this catalogue follows the first institutional exhibitions of Roccasalva held at the MAGASIN in Grenoble and at the Kölnischer Kustverein in Cologne. For over ten years, Pietro Roccasalva has been developing a body of work that is difficult to define but can be considered one of the most wilful contributions to contemporary art. It centers around painting, which has flowered in a manner that is sometimes akin to the old masters and can be seen to spur his engagement with other forms, such as drawing, sculpture, installation, performance, film, and photography. These different outputs are connected by narratives from his conceptual universe. Roccasalva interweaves personal experiences with references to art history, literature, and music as well as to cinema in such a way that it is not uncommon for the works to shift between various levels of reality and fiction. At the same time, they are linked systematically, with each work making reference to its immediate predecessor. In a sense, the artist's oeuvre functions like an enormous house of mirrors -- a labyrinth that seems, more than occasionally, to be furnished with concave or convex mirrors"-- Publisher's website.

Cigarette Holders in Vogue Chronicle Books Llc

It starts with a line. Whether made by the tip of a pencil or the blade of a skate, the magic starts there. And magic once again flows from the pencil and imagination of internationally acclaimed artist Suzy Lee. With the lightest of touches, this masterwork blurs the lines between real and imagined, reminding us why Lee's books have been lauded around the world, recognized on New York Times Best Illustrated Books lists and nominated for the Hans Christian Andersen Award, the highest international honor

given to children's book creators. This seemingly simple story about a young skater on a frozen pond will charm the youngest of readers while simultaneously astounding book enthusiasts of any age. Plus, this is the fixed format version, which looks almost identical to the print edition.

Pearson

"Max Huber (1919-92) is one of the most significant graphic designers of the twentieth century. In this comprehensive monograph, the first to be published on this major figure, the authors trace and illustrate Huber's entire career, from his early years in Switzerland to his more mature work in Italy." "Huber's style assimilated the teachings of the early modern masters, such as Max Bill and Laszlo Moholy-Nagy, combining their principles with the enormous variety of cultural influences present in vibrant post-war Milan. This fully illustrated survey of his work demonstrates that Huber was among the first to apply the aesthetics of the avant garde to a corporate and commercial environment, creating formal solutions that he would go on to use throughout his life. Among the 450 illustrations in this book (the majority of which were never published before) are examples of his celebrated posters for the Monza races, his jazz record covers and book series for major Italian publishers, which remain appreciated today as superb examples of their genres." "Some of Huber's most enduring achievements were on a completely different scale and remain in the collective memory of generations and on the streets of Italy: his logo design for the department store La Rinascente and the supermarket chain Esselunga, were so influential as to change the public's perception of these two popular stores and, moreover, the visual landscape of Milan itself." "The three expert authors of this book (Stanislaus von Moos, Mara Campana and Giampiero Bosoni) were privileged to have the full support of Huber's widow, Aoi Kona, who granted them unrestricted access to the renowned archive of Huber's work that is now housed in the m.a.x.Museo, in Chiasso, Switzerland. This wide-ranging and exhaustively researched book demonstrates the importance of this fascinating and influential

figure in the history of modern graphic design."--BOOK JACKET.

The acclaimed exploration of the iconic 'park in the sky' in New York that reshaped global perceptions of urban space - back in print Since opening to the public in 2009, the High Line has rapidly become one of New York City's most popular and beloved attractions. Phaidon's bestselling *The High Line* was the first book to document the creative process behind this remarkable architectural achievement comprehensively from concept to completion. Seven chapters offer a multidimensional perspective from the minds behind the iconic structure. Now back in print, and featuring over 1,000 images, including drawings and plans, this visual masterpiece captures the High Line's very essence.

Touring Editore

A personal and expert account of the artists and events that defined the medium's first 50 years - now in paperback Since the introduction of portable consumer electronics nearly a half century ago, artists throughout the world have adapted their latest technologies to art-making. In this new paperback edition of her acclaimed book, curator Barbara London traces the history of video art as it transformed into the broader field of media art - from analog to digital, small TV monitors to wall-scale projections, and clunky hardware to user-friendly software. In doing so, she reveals how video evolved from fringe status to be seen as one of the foremost art forms of today.

The Boy King_s Journey through the UnderworldTutankhamun_s

royal voyage into paradise, as told by ancient Egyptian treasures. Buried in the 14th century BCE but unearthed by Howard Carter in 1922, the objects entombed with Tutankhamun are an invaluable window into a long-extinct belief system. Seen today, they create an intricate picture of how people of the time viewed the perilous journey to paradise, a utopian Egypt that could only be entered following the final judgment. When acclaimed photographer Sandro Vannini started his work in Egypt in the late '90s, a technological revolution was about to unfold. Emerging technologies enabled him to document murals, tombs, and artifacts in unprecedented detail. Using the time-consuming and strenuous multi-shot technique, Vannini produced complete photographic reproductions that revealed colors in their original tones with vivid intensity. Through these extraordinary images, we discover the objects' quintessential features alongside the

sophisticated and cleverly hidden details. In collaboration with a series of international exhibitions beginning in Los Angeles in 2018, this comprehensive guide marks the centenary of Carter's first excavations in the Valley of the Kings. Many of these invaluable works were damaged during the 2011 Egyptian uprising, some destroyed altogether—but fortunately endure in their full, timeless glory through Vannini's photographs. From offerings and rituals to Osiris and eternal life, Vannini's portfolio covers all facets of ancient Egyptian culture—but it is Tutankhamun's unique legacy that dominates these images. With texts by the photographer and chapter introductions from scholars in the field, *Tutankhamun. The Journey through the Underworld* puts much-debated mysteries to rest. The learned yet accessible forewords come from distinguished Egyptologists including Professor Salima Ikram and David P. Silverman, a researcher of over 40 years standing. Insightful narratives,

resplendent images, and a contemporary standpoint make this title a fitting tribute to the boy king's odyssey, illuminating an epoch that spanned an unimaginable 6,000 years.
