Health and Safety

The Stationery Office
Explains the essential
tasks for achieving
healthy and safe

construction sites and helps the reader to identify hazards and control risks. This book also explains how to plan, organise, control, monitor and review health and safety throughout the life of a project. It is suitable for those involved in construction work.

Revision Guide for the IEMA Associate Membership Exam and NEBOSH Diploma in Environmental Management
Routledge

This revised version of HS(G)96 (0 7176 1343 7) continues to publicize the message that most companies do not realize the extent of their losses due to accidents. It emphasizes that there is no contradiction between profitability and good health and safety management.

TUC figures show that unions secured damage awards totalling 304m for workplace injuries and ill health to their members in 1995. The revision is aimed primarily at management and applies to all industries. It replaces 0 7176 1343 7, with the same series number.

Safety at Work

Routledge
Learn more about health and safety with this NEBOSH-endorsed textbook, written and designed specifically to help you pass your course. Matched to the NEBOSH National General Certificate in Occupational Health and Safety Practice NEBOSH questions and sample answers based on recent examinations at the end of each chapter allow you to

test your knowledge and increase your understanding All relevant legislation is summarised for quick reference Introduction to Health and Safety at Work, 5th edition covers the basics of occupational safety and health. The book is the definitive handbook to the National General Certificate in Occupational Health and Safety from NEBOSH with each element of the syllabus explained in detail. To make studying easier, each chapter starts with learning outcomes and ends with questions taken from recent NEBOSH examinations. Specimen answers and a study skills chapter aid exam preparation. It is highly illustrated with over 60 new

diagrams and photographs in full colour making learning easy for all. There is a companion website with editable training slides and illustrations to help tutors deliver health and safety courses. This book is a handy reference for managers and directors dealing with the day-to-day issues of health and safety and is also of great value to those studying for level 3 N/SVQ and the IOSH Managing Safely Award. It covers all the essential elements of health and safety management, the legal framework, risk assessment and control standards and includes checklists, report forms and record sheets. In addition, useful topics outside the syllabus have been included

and an additional chapter to cover other aspects of health and safety and related topics that many readers will find helpful on completion of the course – construction activities, environmental considerations and international issues

New in this edition:

Fully restructured in line with new 2010 NEBOSH syllabus

Inclusion of a summary of the Report on Health and Safety ‘Common Sense Common Safety’ by Lord Young Gives particular regard to changes in legislation relating to the Site Waste Management Plans Regulations, the Control of Artificial Radiation at Work Regulations, Chemicals (Hazard Information and Packaging for Supply) Regulations

(CHIP4) and the European Classification, Packaging and labelling regulations

A chapter with guidance on searching the internet with a range of significant Occupational health and Safety Websites.

There are dozens of internet references throughout the book

Since the Practical Application NGC3 has been significantly revised, Chapter 20 includes a sample practical application based on the new scope and format

Phil Hughes MBE, MSc, CFIOSH, is a former Chairman of NEBOSH (1995-2001), former President of IOSH (1990-1991) and runs his own consultancy. He received an MBE for services to health & safety and as a

Conveyancing is designed for law students and new lawyers studying applied land law on the Irish Professional Practice Course. As the fourth edition is published at a time when major reform and modernisation of land law and conveyancing is proposed, the text has been fully revised and updated to include reference to proposed reforms, recently published bills and new legislation enacted.

This includes new coverage on the Land Act 2005, the Title Act 2006 and the fundamental changes proposed by the Land and Conveyancing Law Reform Bill 2006. In two volumes, the fourth edition also features updated

sample documentation and precedents to enable students to consider the procedural aspects of conveyancing. It includes complete coverage of all the essential knowledge needed when practicing conveyancing, including the legal concept of property, and the protection, acquisition and movement of proprietary interests. The principles of conveyancing practice are clearly explained, ensuring that this is an essential text for apprentices and practitioners in this field.

This book is a
collection of analyses

of the social determinants of health that impact on specific health conditions. Stemming from the recommendations of the Commission on Social Determinants of Health, promising interventions to improve health equity are presented for the areas of: alcohol-related disorders, cardiovascular diseases, child health and nutrition, diabetes, food safety, maternal health, mental health, neglected tropical diseases, oral health, pregnancy outcomes, tobacco and health, tuberculosis, and violence and injuries. The book was commissioned by the Department of Ethics, Equity, Trade and Human Rights as part of the work undertaken by the Priority Public

Health Conditions Knowledge Network of the Commission on Social Determinants of Health, in collaboration with 16 of the major public health programmes of WHO. In addition to this, through collaboration with the Special Programme of Research, Development and Research Training in Human Reproduction, the Special Programme for Research and Training in Tropical Diseases, and the Alliance for Health Policy and Systems Research, 13 case studies were commissioned to examine the implementation challenges in addressing social determinants of health in low-and middle-income settings.

Routledge

This Handbook was the first APM Body of Knowledge Approved title for the Association for Project

Management. Over the course of five editions, Gower Handbook of Project Management has become the definitive desk reference for project management practitioners. The Handbook gives an

introduction to, and overview of, the essential knowledge required for managing projects. The team of expert contributors, selected to introduce the reader to the knowledge and skills required to manage projects, includes many of the most experienced and highly regarded international writers and practitioners. The Fifth Edition has been substantially restructured. All but two of the authors are new, reflecting the fast-changing and emerging perspectives on projects and their management. The four sections in the book describe: ¶ Projects, their context, value and how they are connected to organizational strategy; ¶

Performance: describing how to manage the delivery of the project, covering scope, quality, cost, time, resources, risk and sustainability

Process: from start up to close down

Portfolio: the project and its relationship to the organization

The discrete nature of each chapter makes this Handbook a wonderful source of advice and background theory that is easy to consult.

Gower Handbook of Project Management is an encyclopaedia for the discipline and profession of project management; a bible for project clients, contractors and students.

The Educator as Mediator of Learning
Routledge

A practical guide to the principle services of

facilities management, revised and updated
